Work Experience

UI/UX designer

Systra – Marseille | October 2022 – May 2023

- Utilized various UX methodologies to conduct user research, gather insights, and inform the design process for complex internal applications.
- Played a key role in updating the Design System, employing tools like Figma and ZeroHeight for efficient documentation and maintenance of design components.
- Created wireframes, prototypes, and high-fidelity designs in Figma
- Collaborated closely with stakeholders, including product managers and developers, to gather and analyze user requirements, translating them into intuitive and user-centric interface designs.
- Conducted user testing and incorporated feedback for iterative design improvements
- Ensured usability, accessibility, and adherence to industry best practices

Front-end Developer

Subclïc – Marseille | July 2021 – September 2022

- Developed frontend for Subclïc's Back-office using React.js, TypeScript, Material UI, and GraphQL
- Implemented UI components and features for high performance and responsiveness.
- Collaborated with backend developers and designers to integrate APIs and ensure seamless functionality.
- Gathered requirements and translated them into technical solutions.
- Stayed updated with frontend development trends and applied new techniques.
- Integrated PDF contracts using HTML/CSS

Customer Success Associate

Traxens – Marseille | September 2019 – March 2020

- Led project setup and demos for new customers, including CMA CGM and MSC, using Traxens IOT solution.
- Provided technical support for smart container projects, ensuring smooth implementation.

Marketing Manager

NCC Partners – Marseille | August 2018 – July 2019

- Planned and executed a highly successful International Mobile Gaming Awards event in San Francisco, strategically targeting gaming companies and developers for industry connections and recognition.
- Managed all aspects of event planning, including budget, venue selection, and logistics.

Marketing Manager

Découvertes – Rognes | January 2017 – July 2018

- Developed and implemented highly effective multi-channel marketing strategies to drive business growth and achieve revenue targets.
- Utilized HubSpot CRM platform to streamline marketing processes, enhancing lead generation and customer relationship management.

About me

Driven by a genuine passion for crafting outstanding user interfaces, I leverage my combined knowledge in marketing and technical skills to design impactful and user-centric experiences.

As a versatile professional with expertise in frontend development and UI/UX design, I thrive on continuous learning and collaborative efforts, always striving to bring a fresh and creative approach to every project I undertake.
