Experience

UX/UI designer | Systra SA
October 2022 - May 2023 / Marseille

- Conducted UX research and designed intuitive interfaces for complex internal applications.
- Updated the Design System using Figma and ZeroHeight for efficient documentation and maintenance.
- Collaborated with stakeholders to gather and analyze user requirements.
- Created wireframes, prototypes, and high–fidelity designs in Figma.
- Conducted user testing and iteratively improved designs based on feedback.
- Ensured usability, accessibility, and adherence to industry best practices.
- Provided valuable insights and innovative solutions in design reviews and brainstorming sessions.

Frontend Developer | Subclic
July 2021 - September 2022 / Marseille

- Built high-performance frontend for Subclic's Back-office using React.js, TypeScript, Material UI, and GraphQL.
- Collaborated with backend developers and designers to integrate APIs and ensure seamless functionality.
- Integrated PDF contracts using HTML/CSS for enhanced user experience.

Customer Success Associate | Traxens
Setpember 2019 - March 2020 / Marseille

- Led project setup and demos for new customers, including CMA CGM and MSC, using Traxens IOT solution.
- Provided technical support for smart container projects, ensuring smooth implementation.

Marketing Manager | NCC Partners
Setpember 2019 - March 2020 / Marseille

- Successfully organized the International Mobile Gaming Awards event in San Francisco, targeting gaming companies and developers for industry connections and recognition.
- Managed all aspects of event planning, including budgeting, venue selection, and logistics.

Marketing Manager | Découvertes
January 2017 - July 2018 / Rognes

- Implemented effective multi-channel marketing strategies, driving business growth and achieving revenue targets.
- Utilized HubSpot CRM platform to streamline marketing processes, enhancing lead generation and customer relationship management.
